PROJECT EXPERIENCE

Mobile Application Project

2024-2025

UI Developer

- Collaborated with a cross-functional team to design the user interface for a mobile application, contributing to the overall product vision.
- Focused on creating a visually appealing and user-friendly layout, ensuring a smooth experience for the target audience.
- Enhanced the mobile app's usability and aesthetics, leading to improved user engagement and satisfaction.

Enrollment System

2023-2024

Lead Developer

- Led the comprehensive development of an enrollment system to optimize student registration, record management, and class scheduling processes.
- Designed an efficient and scalable database structure using SQL, ensuring efficient data storage and retrieval capabilities.
- Implemented a responsive web interface using Laravel for the backend and ReactJS for the frontend.
